

sKool snaKs are excited to be your new canteen operator at Bexley Public School. We will work with the school community to ensure we deliver a canteen service that provides nourishing, wholesome and fresh food daily.

The canteen will operate five days a week and offer a variety of healthy food and drinks that can be ordered daily for lunch and recess. We also provide a wide range of nourishing snack items for over-the-counter sales.

Online ordering will be available through Flexischools.

1. Download the Flexischools App.
2. Click Register, enter your email address and follow the instructions in the email to set up your account. Once your account is set up. Add new student, search for their school, enter student details and select their class.
3. Click on the search icon, enter your school's name, select your school and year group.
4. Click the Order Food button located across the top of the app home screen and select your student.
5. Select the items you wish to order.
6. Select your payment option and complete payment to place order.

Sushi will be available on Wednesday and Friday must be pre-ordered via Flexischools up until 6pm the night before.

Orders are prepared fresh each day and served from the canteen.

Recess – Students collect their orders individually from the counter.

Lunch – These are collected in a basket from the canteen and taken to the students nominated eating area. Frozen items need to be collected from the canteen. Students need to bring their lunch bag to the canteen to pick up these items.

We will actively try to find ways to cater for special dietary requirements such as gluten free, dairy free and vegetarian. If your child has a particular dietary requirement or food allergy, please contact the canteen to see how we can assist.

sKool snaKs looks forward to becoming an integral part of the school community. Please feel free to drop into the canteen if you have any questions or just to say Hi Shannon (the face you already know).
